Operations

25X1A2d2

1. The writer was in contact with the subjects of operation [redacted] for only one session. As a result of this contact, it is the writer's observation that both of the subjects were quite intelligent and receptive to new ideas and appeared to be thoroughly aware of the weaknesses of their situation and the possible steps which could be taken to counteract these weaknesses.

2. The time was insufficient to obtain any definite impression of their sense of security.
